

T°BFI : Summer Assignment 2023

1. CdM (BAC coefficient 20)

1. Continue to **make detailed plans for your project** following the guidelines previously distributed.
2. **Make contact with your international partner (copy us in on your emails!)** and begin your research – remember you will have to balance CdM with work in English Literature, History-Geography and Specialities (not forgetting Philo and the Grand Oral) so the more to do during the holiday, the easier it will be for you to manage your other commitments.
3. **Return fresh for September ready to work in CdM modules autonomously** and write a 1 000 paper on your investigative project to be submitted at the beginning of January. Mock orals will take place in January before an audience of 1°BFI students.

2. History-Geography (BAC coefficient 20)

If you have not already bought this book, please do so AND read at least the following chapters: Chapter 2 China, Chapter 3 USA, Chapter 4 Western Europe and Chapter 5 The Middle East.

<https://www.amazon.fr/Prisoners-Geography-Everything-Global-Politics/dp/1783962437>

A

There will be a test in September (with multiple choice and short written responses) to determine whether you have read the chapter and understood it.

B

Read the handout from Brinkley Chapter 21: America and the Great War. There will be a DBQ style test on this chapter in September too.
